

COINS 2020

IEEE International Conference on Omni-layer Intelligent systems

Track Name: **Cyber Security and Privacy**

Call for Papers

COINS is the premier conference devoted to omni-layer techniques for smart IoT systems, by identifying new perspectives and highlighting impending research issues and challenges. Topics of interest of Security track include, but are not limited to, the following:

- Threat Identification and Modeling
- Secure System Design and Implementation
- Cryptography and Applications of Blockchain
- Access control and identity management
- Intrusion detection techniques
- Human Aspects of Cyber Security (Case Study)
- Ethical Hacking (Case Study)
- Architecture and frameworks for securing IoT
- Trust and privacy
- Security Risk Assessment
- Location-based privacy
- Data security, data recovery, disaster recovery
- Emerging issues and recommendations for organizational security
- Machine learning for Cyber Security
- Embedded system security
- Decentralization, scalability, and security trade-off
- Protection of Digital Services
- Digital Forensics and Investigations
- Cyber Security Deception

July 27-29, 2020
Barcelona, Spain

Organizing Committee

Track Chairs

Xavier Bellekens, University of Strathclyde, UK

Publication Chair

Robert Atkinson – University of Strathclyde, UK

TPC Members

David Brosset – French Naval Academy, FR

Stavros Shiaeles – university of Portsmouth, UK

Hanan Hindy – Abertay University, UK

Gavin Hales – Abertay University, UK

Cyril Onwubiko – CMRIC.ORG, UK

Dimitris Kavallieros – Center for Security Studies (KEMEA), GR

Arnau Erola – University of Oxford, UK

Key Dates

Submission of Regular Papers and Special Session Papers
March 06, 2020

Notification of Paper Acceptance
May 06, 2020

Camera-Ready Submission
May 16, 2020
