

Vertical and Topical Tracks Speaker Suggestions

Are you interested in taking part in shaping and adding new dimensions to the future IoT and AI ecosystem? Are you seeking to harness the opportunities afforded by the tsunami of new technologies? Do you want to stay ahead and learn about the biggest digital technologies that are radically shifting the paradigm? Or just curious about what IoT, AI, and Big Data are all about and how they impact every aspect of our lives, society, and business? IEEE COINS (<https://coinsconf.com/>) is the right place to be. IEEE COINS brings together experts in Digital Transformation (from AI and IoT to Cloud, Blockchain, Cybersecurity, and Robotics) from around the globe. IEEE COINS includes a multi-disciplinary program, from technical research papers to panels, workshops, and tutorials on the latest technology developments and innovations. IEEE COINS will address all important aspects of the IoT & AI ecosystem.

Are you an executive, strategist, or professional working in the field of IoT, Big Data, AI/ML, Blockchain, Cloud Computing, or Robotics? If you are interested in being a speaker (without a technical paper submission), please, submit the following information to farshad.firouzi@duke.edu.

Submission

All proposals (1 to 2 pages) should be submitted via easychair submission portal. Please include the required information indicated below:

1. Title and abstract of the talk
2. Bio or a brief CV
3. Structure, format, and the expected duration (maximum 30 minutes)
